

Based in the Highlands and Islands of Scotland, we are a distinctive partnership of 10 independent colleges and research institutions that span both Further and Higher Education.

- + **Top 10 most affordable UK universities**
- + **#3 in the UK for postgraduate student satisfaction**
- + **#1 in Scotland for postgraduate student satisfaction**

Our reputation is built on our innovative approach to learning and our distinctive research and curriculum – all enriched by the people, natural environment, economy, culture and heritage of the Highlands and Islands and its communities.

Scotland's stunning landscapes are home to our 70 locations: set among mountains and forests, on islands and the mainland, in historic towns and cities, in hi-tech research parks, and in high-quality learning spaces.

Our +36,000 students regularly give us great feedback on our teaching, flexibility, support, and smaller class sizes.

Fees and funding

- + **Undergraduate tuition fees:** £15,870 – £16,950
- + **EU/EEA/Switzerland:** Students who have spent the past three years living in these countries will get an automatic scholarship for each degree year and, for honours degree students, the 4th year of study will be free
- + **Canada:** Designated school for Canadian Federal Student Aid, and the majority of the Canadian provinces' student aid programmes
- + **United States:** Participating institution in the Federal Direct Loan Program for US citizens, therefore we accept US Federal Aid (FAFSA)

Sports – Adventure and Outdoors

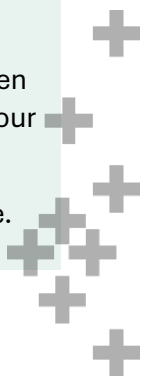

Course	Campus	Key features
<u>BA (Hons) Adventure Education</u> Video: Students share their experiences of Fort William Mountain Festival	Fort William School of Adventure Studies	<ul style="list-style-type: none"> • Prepare to lead activities in potentially challenging and wild locations – share your love of the outdoors to improve the lives of others • Work closely with Adventure Education providers, like the Outward Bound Trust®, to become a professional adventure practitioner
<u>BSc (Hons) Adventure Performance and Coaching</u> Video: Namibia student expedition	Fort William School of Adventure Studies	<ul style="list-style-type: none"> • Combines applied sports science with modern adventure professional practice for a rapidly evolving sector with 21 Olympic adventure sports • Push sporting excellence while enhancing health through nutrition, performance analysis, exercise psychology and research
<u>BA (Hons) Adventure Tourism Management</u> Video: Student Sian's story	Fort William School of Adventure Studies	<ul style="list-style-type: none"> • Adventure practice with tourism and entrepreneurship – adventure tourism is the fastest growing part of the tourism sector • Wide range of national and international links for opportunities like work placements, projects and shared practice

All three programmes are part of the Adventure Pathway, meaning students can easily transfer between them to ensure that they have flexibility to pursue the path that best matches their interests and career goals. They also give students the chance to achieve National Governing Body (NGB) Awards like Mountain Leader and Paddlesport Instructor during their studies.

Fort William, where our School of Adventure Studies is based, has a thriving outdoor and tourism economy where students and graduates often start their own businesses. The town is known as “the Outdoor Capital of the UK” for its incredible access to adventure sports and nature, so our students become part of a vibrant and active community of outdoor enthusiasts in a beautiful region rich in outdoor opportunities.

In their final year, students fully plan and undertake an international group expedition or legacy project that others can enjoy for years to come.
